FIND TWO TWINS TONIGHT

HOWDY STAR WATCHERS, WE'RE TWINNING TODAY! YOU'RE LOOKING AT STARS, I'M LOOKING AT STARS – WE... WE'RE BOTH... LOOK– ANYWAY

THE TWIN STARS, POLLUX AND CASTOR ARE VISIBLE TONIGHT AS ARE THE GODS OF LOVE AND WAR – MARS AND VENUS; SO LET'S FIND THEM!

HIT THE DARKNESS AT 8PM AND FACE WEST. VENUS WILL BE THAT DAZZLING SPOT FOLLOWING THE SUNSET – YOU CAN'T MISS IT.

IF YOU IMAGINE A LINE FROM THE SUN, THROUGH VENUS, UP INTO THE SKY – YOU'LL COME ACROSS MARS – IT'S SORTA ABOVE ORION'S HEAD... IF YOU LOOK CLOSELY YOU'LL SEE IT'S RED HUE.

AS MARS DROPS DOWN IN THE SKY YOU'LL SEE THE GEMINI TWINS CASTOR AND POLLUX... ON MARCH 29 THEY'LL BE RIGHT NEXT TO THE GIBBOUS MOON!

POLLUX AND CASTOR MARK THE HEADS OF GEMINI AND IF YOU HAVE A CREATIVE IMAGINATION, YOU CAN PICTURE THE TWINS STANDING IN THE STARS, ARM IN ARM.

THERE YOU HAVE IT TWO TWINS: LOVE AND WAR, AND GEMINI IN THE SAME NIGHT! KEEP LOOKING UP.
